Objective

Driven and adaptable professional with a passion for excellence and a rapid learning capability. My commitment is to apply my skills effectively in a dynamic environment, contributing to organizational success through innovative solutions and dedicated effort. I thrive on challenges and am eager to leverage my technical expertise to drive meaningful outcomes and achieve collective goals.

SKILLS

- **Programming Languages:** Java, C++
- **Web Development:** MERN
- **Databases:** SQL, MongoDB

Professional Experience

- **Intern, Full Stack Development | MIT, Manipal, India** [June 2024 – July 2024]
 - Developed and deployed a full-stack web application, improving user experience and functionality.
 - Collaborated with cross-functional teams using Agile methodologies to ensure timely project delivery.
 - Utilized Git for version control and implemented RESTful APIs to enhance data exchange between client and server.
- **Intern, Web Development | Thaniya Technologies** [August 2023 – September 2023]
 - Assisted in the development of a scalable web application, focusing on front-end and back-end integration.
 - Worked with a team to optimize application performance and improve loading times.
 - Participated in code reviews and contributed to debugging and testing processes.

Projects

- **Gyan Yug** [Tech Stack: HTML, CSS, JavaScript, Express, Node.js]
 - Developed an educational website aimed at promoting learning in rural areas.
 - Provided extensive resources and information to enhance educational opportunities.
 - Designed user-friendly interfaces to ensure easy access and navigation for all users.
- **College Help Desk Website** [Tech Stack: MERN]
 - Developed a comprehensive website to provide academic resources and support for college students.
 - Integrated a searchable database of academic materials, including notes, previous exams, and tutorials.
 - Implemented a user-friendly interface to facilitate easy navigation and resource access.
- **Real Estate Website** [Tech Stack: HTML5, CSS3, JavaScript, Node.js, MongoDB]
 - Developed two types of user management systems for buyers and sellers.
 - Implemented a chatbot for user assistance.
 - Enhanced the platform with advanced property search functionalities based on price, location, and property name.
 - Integrated rich multimedia content, interactive maps, and real-time chat support to improve user engagement and experience.

Education

- CSE | Srinivas University College of Engineering & Technology, Mangaluru [CGPA: 8.92 (07/07/2024)]
- XII (STATE) | Hindu PU College, Shriva, Udupi [Percentage: 81.5]
- X (STATE) | Mahalakshmi English Medium School, Uchila, Udupi [Percentage: 83.56]

Certificates

- The Complete 2024 Web Development Bootcamp on Udemy
- Information Technology Specialist Certification for JavaScript

Achievements

- Participated in Hackathon of CodeMeet-2023
- 2nd Prize Winner in Webcraft Competition at Tech-Yuva 2023

Known Languages

- Hindi
- English
- Kannada
- Tulu
